## Care & Use

### Table Linens

Bodrum fine linens are woven in Turkey using the finest quality materials, time-honored and state-of-the-art techniques, with an unwavering commitment to quality. We use the best quality linen, cotton, wool and man-made fibers. Each product includes a label which features fabric content and product care.

### Laundering

Most of our table linens are 100% linen or a linen blend. We recommend washing them in cold water with mild detergent and either drying on the air fluff setting or line drying. For our Riviera and Amalfi stonewashed collections, we advise drying on a low heat until almost dry then line dry or lay flat to dry. No ironing needed. Chlorine bleach is never recommended. Wash like colors together. If the product is stained, we recommend washing immediately to avoid setting the stain. Pretreat stains with stain remover if necessary. Use a warm iron as needed. Most product can be dry cleaned except for metallic prints, which we highly suggest washing in cold water as directed above. Any of our 100% cotton collections can be washed in cold & dried on low heat. When in doubt, please refer to the care label on the product.

### Shrinkage

Minimal shrinkage is achieved by tightly weaving with high quality yarns, pre-shrinking and finishing the fabric to give it more stability. The published sizes of our products are the sizes prior to laundering. If proper care instructions are followed, shrinkage of up to 3% can be expected. If care instructions are not followed, shrinkage of up to 5% can be expected.

### Stonewashed Linens

Bodrum Riviera and Amalfi collections are 100% stonewashed linen fabrics. Stonewashed linen is extremely soft and has a wonderful hand. Fabric is dyed during the stonewashing process so slight color variations may occur between dye lots.

### Vinyl Mats, Trays, Coasters, Charger Plates, Acrylic Mats, & Accessories

Our mats, trays, coasters, charger plates, and accessories are made of 100% Phthalate-free Vinyl. Phthalates are found in many of the vinyl mats on the market and are known to be hormone-mimicking chemicals, many of which disrupt normal hormonal processes, raising concern about their implications for increased health risks. We are proud to use only Phthalate-free vinyl.

Cleaning our vinyl and acrylic place mats couldn't be easier: Simply wipe with a damp cloth. Do not put them in dishwasher or immerse in water. Do not use any cleaning materials with harsh chemicals. Do not leave on tables for extended periods of time. Embroidery yarns of our embroidered mats can be spot cleaned. The sooner the items are treated after a spill, the better. Stains may set and not come out if they are not cleaned right away.

### Napkin Rings

All of our napkin rings are handcrafted individually by fine artisans. Hence each piece can show variations. Slight differences are to be expected. To clean, simply wipe with a damp cloth.

## Sample Napkin & Swatch Sets

Sample sets including one napkin of all available colors can be purchased for the collections listed below. To complete previously purchased sets, additional napkins or mats can be purchased individually at wholesale prices.

Swatch sets include small swatches of our Riviera, Amalfi, and Easy Care Vinyl mats.

Sample and swatch sets are available exclusively to current Bodrum customers. Bodrum will not ship any samples or swatches to customers that have not purchased previously.

Please note that samples and swatches do not count toward reaching minimum order amounts and they are shipped out of our office separate from regular orders resulting in additional shipping costs.
