HALCYON DAYS

Strengthening bonds beautifully for over 70 years

Quintessentially English

Halcyon Days 1950 – the guardian
of two of the oldest English
crafts - enamelling onto copper
and the handmaking of fine bone china.
A business of tradition in the best sense
of that word: skilled craftsmen and master
artists using skills and techniques passed
down through generations. Handmade
in the heart of England.

Bespoke Bangle

Hand Decorated

Your individuality combined with our signature of excellence

Let our team of world class designers create a magnificent push on bangle which is entirely unique to you, your client or your business.

Our Bespoke Push on bangles are available in three widths 1cm, 2cm and 4cm.

The initial stage of the process begins with a consultation with one of our sales agents.

During the consultation the agents will work collaboratively with the client to finalise a design brief, offering a guideline price and lead time.

The brief will be handed to our design team who will create a visual presentation to share with the client. They will also consult with our production specialists and commercial team to ensure each piece meets our exacting standards. A quotation for art working, samples if required and full production will also be presented to share with the client.

Upon client review, any changes will be communicated to the design and commercial team and the subsequent artwork and pricing reissued.

Upon final artwork approval and order confirmation 100% full payment is required to progress the order into production.

Production lead time 4 to 6 weeks.

Pricing on quotation design brief.

Please contact your sales agent for further details.
